More flavours to savour

Thanks to the 800 SteamBoost oven, it's easy to make the most of flavours. Our multifunction oven lets you add steam on separate levels. Two functions combine steam and heat for baking and roasting, while one function uses just steam – ideal for

Steam, roast or bake with SteamBoost

SteamBoost uses three different levels of steam. One for baking, one for roasting and crisping, and one that uses full steam. So you can create crusty bread, juicy roasts and succulent fish dishes. Cooking with steam means you can use lower temperatures, which

Precision cooking with our Food Sensor

Thanks to our Food Sensor, you can achieve perfect results every time. It lets you monitor the cooking process by measuring the core temperature of the food. It will even let you know when your food has been cooked to the desired temperature and stop
