Your dishes, consistently delicious

With the 600 SurroundCook® Oven, everything from crisp roast chicken to delicate meringues are cooked evenly. Our oven makes sure the internal temperature is consistent throughout, as the fan circulates air and heat. So you no longer need to turn dishes or adjust

Evenly cooked with Multilevel cooking

Enjoy even cooking with Multilevel cooking. The additional heating ring means you can cook evenly across three levels. Perfect for creating the fuzziest cookies and sumptuous pies.

Catalytic Cleaning, for an oven that cleans itself

Our Catalytic Cleaning technology means you can say goodbye to build-ups of grease and residue. This self-cleaning technology automatically starts to work when the oven's temperature reaches 250°C. Now cleaning your oven is easy.

Prednosti izdelka:

- Set exact cooking times with the LED timer display.
